Interview Complete Questions And Background

First Impressions

Most people make an initial opinion of a stranger within the first five minutes of meeting them.

According to research candidates' impressions are made up of the following:

Body Language and image (70%)

Tone of voice (20%)

What you say (10%)

As soon as you enter the building you need to be polite to everyone you meet. You need to remain calm and confident, give a firm handshake, and remember to make eye contact. You need to put both yourself and the interviewer at ease by being down-to-earth whilst remaining business-like, it is often quite a good idea to have a few conversation openers, especially if the interviewer takes you to the interview room, it helps break the silence..

Interview Techniques

The interview is not only a chance for the interviewer to assess if you are the right person for the job, but it is also an opportunity for you to see if the forces are suitable for you.

During the interview you need to look for opportunities to be proactive and ask your own questions or try to lead the discussion where appropriate. Questions should reflect your keenness to work for the Forces...

Keep your concentration levels up during the interview and make sure you listen to the responses the interviewer gives you. The worst mistakes happen when people end up asking questions about topics that have already been covered, or don't hear or understand what the interviewer has said.

Key points:

Make sure you give the interviewer your full attention

Wait for them to finish speaking, before you answer the question

Make sure you ask open questions, to ensure you get full answers

Check you understand everything that has been said

What are your biggest accomplishments? This should be job related, and is a chance to show your competency

Where do you see yourself in five years time?

Points you need to remember:

Smiling is a good positive signal, as it reaffirms your good nature

Maintain eye contact

Relax do not rush or fidget

Mirror the interviewers techniques, if they laugh, laugh with them
Maintain an alert position, sit up straight, don't slump, but be comfortable
Always have a confident and honest attitude.

QUESTIONS

Questions Related To Your Bio-Data From ISSB Form Which You Will Filled On First Day Of ISSB.

Your Name Meaning,
Your Father Qualification,
Your Rank Among Your siblings,
Your Qualification And Marks, Year

** Height of pole.

Height of pole is 75 m .1/5 of pole is inside ground how much above the ground height of pole is 120 m .1/6 of pole is inside ground .how much above the ground
height of pole is 81 m .1/9 of pole is inside ground .how much above the ground height of pole is 99 m .1/3 of pole is inside ground .how much above the ground
height of pole is 150 m .1/2 of pole is inside ground .how much above the ground.....

**height of pole 36m.1/3 of ploer is inside ground.and 1/4 of pole is concrete(upper).what is the remaining portion.
height of pole 30m.1/3 of ploer is inside ground.and 1/2 of pole is concrete(upper).what is the remaining portion.
height of pole 180m.1/3 of ploer is inside ground.and 1/4 of pole is concrete(upper).what is the remaining portion.

height of pole 100m. $\frac{1}{4}$ of pole is inside ground. and $\frac{1}{5}$ of pole is concrete (upper). what is the remaining portion.

height of pole 160m. $\frac{1}{4}$ of pole is inside ground. and $\frac{1}{8}$ of pole is concrete (upper). what is the remaining portion.

*if the height of a tree is 240m its 30% part is inside earth.. Its remaining part? 168m.

*Agar team k all players first 10 balls pe out ho jain to kn sa player not out rahay ga. --- 8 nmb.

* If a person purchased One shirt costly 350 from his Friend Shop, And his Friend gave him Concession of 15% then How Much Rupees U will Bought that Shirt.....??

--297.5

*** Which is Bigger,**

$\frac{1}{3}$ or $\frac{2}{5}$simple.

$\frac{2}{3}$ or $\frac{4}{5}$

cross multiply karein $5 \times 2 = 10$ And $3 \times 4 = 12$

So Left side value ziada hah so $\frac{4}{5}$ bara hah,

* $\frac{4}{5}$ or $\frac{6}{5}$

$\frac{9}{8}$ or $\frac{2}{3}$

$\frac{5}{4}$ or $\frac{12}{11}$

****Distance :**

the speed of air craft is 180 km/h. how much the aircraft travel in 20 min.

the speed of air craft is 300 km/h. how much the aircraft travel in 30 min.

the speed of air craft is 150 km/h. how much the aircraft travel in 60 min.

the speed of air craft is 200 km/h. how much the aircraft travel in 30 min.

the speed of air craft is 120 km/h. how much the aircraft travel in 20 min.....

Percent question:

what is the 80 % of 80.

what is the 20 % of 40.

what is the 10 % of 180.

what is the 80 % of 20.

what is the 20 % of 240.

Discounted Questions.

What Was the Rate of Discount If A Boat Which Cost 5000 Was Sold For 4800.???

Yes $100 - 96 = 4\%$ discount
